Mississauga First Nation
Management's Responsibility for the Consolidated Financial Statements

March 31, 2022

The accompanying consolidated financial statements of the Mississauga First Nation are the responsibility of management and have been approved by the Chief and Council.

The consolidated financial statements have been prepared by management in accordance with Canadian public sector accounting standards prescribed for governments as recommended by the Public Sector Accounting Board. Management is responsible for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

The First Nation Council is responsible for ensuring that management fulfills its responsibilities for financial reporting and internal control and is ultimately responsible for reviewing and approving the consolidated financial statements.

The external auditors, BDO Canada LLP, conduct an audit in accordance with Canadian generally accepted auditing standards, and express their opinion on the consolidated financial statements. The external auditors have access to financial management of Mississauga First Nation and meet when required.

Independent Auditor's Report

To the Chief and Council of Mississauga First Nation

Opinion

We have audited the consolidated financial statements of Mississauga First Nation (the First Nation), which comprise the consolidated statement of financial position as at March 31, 2022, and the consolidated statements of operations, change in net financial assets and cash flows, for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the First Nation as at March 31, 2022, and its consolidated results of operations, its consolidated change in net financial assets and its consolidated cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the First Nation in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the First Nation's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the First Nation's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

Independent Auditor's Report (continued)

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the First Nation's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the First Nation's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the First Nation to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the First Nation to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Notes to Consolidated Financial Statements

March 31, 2022

1. Summary of significant accounting policies

Accounting Principles These consolidated financial statements of the Mississauga First Nation have been prepared in accordance with Canadian public sector accounting standards prescribed for governments, as recommended by the Public Sector Accounting Board.

Basis of Consolidation These financial statements reflect the assets, liabilities, revenues and expenses of all programs under the control of Chief and Council.

All controlled entities are consolidated according to the First Nation's percentage ownership except for entities that meet the definition of a business enterprise, which are included in the financial statements on a modified equity basis. Under the modified equity method of accounting, only the First Nation's investment in the entity and the First Nation's portion of the entity's net income and other changes in equity are recorded. No adjustment is made for accounting policies of the entity that are different from those of the First Nation, and inter-organizational balances and transactions are not eliminated.

The First Nation's investment in Mississaugi Retail Cannabis Corporation is accounted for on the modified equity basis.

Portfolio Investments Portfolio investments are recorded at cost. A write down is recorded where there has been a loss in value that is other than a temporary decline.

Tangible Capital Assets Tangible capital assets are recorded at cost less accumulated amortization. Cost includes all costs directly attributable to acquisition or construction of the tangible capital asset including transportation costs, installation costs, design and engineering fees, legal fees and site preparation costs. Contributed tangible capital assets are recorded at fair value at the time of the donation, with a corresponding amount recorded as revenue. Amortization is recorded on a straight-line basis over the estimated life of the tangible capital asset commencing once the asset is available for productive use as follows:

Buildings	25 to 40 years
Housing	25 years
Infrastructure	10 to 40 years
Roads	40 years
Heavy equipment	15 years
Vehicles	5 to 15 years
Land improvements	10 to 20 years
Furniture and equipment	4 years

1. Summary of significant accounting policies (continued)

Revenue Recognition

Revenue is recognized in the period in which the transactions or events occurred that gave rise to the revenue. All revenue is recorded on an accrual basis.

Government transfers are recognized as revenues when the transfer is authorized and any eligibility criteria are met, except to the extent that transfer stipulations give rise to an obligation that meets the definition of a liability. Transfers are recognized as deferred revenue when transfer stipulations give rise to a liability. Transfer revenue is recognized in the statement of operations as the stipulation liabilities are settled.

Contributions, other than government transfers, are deferred when restrictions are placed on their use by the external contributor, and are recognized as revenue when used for the specific purpose.

Revenue related to fees or services received in advance of the fee being earned or the service is performed is deferred and recognized when the fee is earned or service performed.

Use of Estimates

The preparation of financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from management's best estimates as additional information becomes available in the future.

2. Cash

	<u>2022</u>	<u>2021</u>
Externally restricted - CMHC reserves	\$ 353,951	\$ 353,951
Unrestricted	<u>8,722,254</u>	<u>5,176,006</u>
	<u>\$ 9,076,205</u>	<u>\$ 5,529,957</u>

Under the terms of an agreement with Canada Mortgage and Housing Corporation (CMHC), the First Nation must set aside funds annually for the repair, maintenance and replacement of worn out assets. These funds, along with accumulated interest, are to be held in a separate bank account and invested only in accounts or instruments insured by Canada Deposit Insurance Corporation or as otherwise approved by CMHC.

13. Credit facilities

The First Nation has an operating line of credit with the Royal Bank of Canada and the amount available under the line is \$200,000. The line of credit is due on demand and has an interest rate of prime plus 2.5%. At March 31, 2022 the balance outstanding was zero.

The First Nation also has credit facilities with the Bank of Montreal totaling \$2,750,000. The first facility of \$1,000,000 is for guarantees for the On-Reserve Housing Loan program (ORHL). The second facility of \$250,000 is for guarantees for the On-Reserve Home Renovation Loan program (ORHRL). The First Nation also has a demand loan available of \$1,500,000, with interest rate of prime plus 1.25%, for assisting with construction of On-Reserve homes. At March 31, 2022 the balance outstanding on these facilities was zero.

14. Accrued landfill closure and post-closure costs

Landfill post-closure requirements include monitoring wells, fees, ongoing environmental monitoring, site inspection and maintenance. The reported liability is based on estimates and assumptions using the best information currently available to management. The landfill site was closed during 2018 and the liability now consists of post-closure care costs over an estimated period of 20 years.

19. Segmented information

The Mississauga First Nation is a diversified government institution that provides a wide range of services to its members, including education, infrastructure maintenance, medical and other health services, administration, capital, enterprises and other services. For management reporting purposes the First Nation's operations and activities are organized and reported by Fund. Funds were created for the purpose of recording specific activities to attain certain objectives in accordance with special regulations, restrictions or limitations.

Services are provided by departments and their activities are reported in these funds. Certain departments that have been separately disclosed in the segmented information, along with the services they provide, are as follows:

Mississauga First Nation

Notes to Consolidated Financial Statements

19. Segmented information (continued)

Social assistance

The social assistance department is responsible for administering assistance payments as well as providing services directed towards members.

Administration

The administration department oversees the delivery of all governmental services. The department is responsible for ensuring that there are adequate policies and procedures in place to safeguard assets and to properly report financial activities. In addition, this department includes the governance activities of chief and council.

Infrastructure maintenance

The infrastructure department provides public services that contribute to community development and sustainability through the provision of operating services such as roads, water and sanitation, fire protection, electrical and community buildings.

Education

The education department provides services to elementary and secondary students primarily by entering into service contracts with provincially funded area school boards, as well as native language study. In addition, the department reimburses tuition costs and provides living and other allowances to students who are attending post-secondary institutions.

Capital

This department is responsible for all capital asset activities occurring in the First Nation during the year, including housing construction and renovations.

Medical and other health services

The community wellness department provides a diverse bundle of services directed towards the well-being of members including such activities as long term care, medical transportation, pre-natal and early childhood care, nursing, health representation, traditional healing, family violence prevention and many other smaller programs designed to enhance the health of members.

Enterprises

Band operated enterprises are activities conducted by the First Nation with the objective of promoting economic self-sufficiency. These activities could include income generated from renting out band-owned equipment, lease income and other projects from time to time.

Other services

The First Nation provides a wide array of other services, including youth employment projects, library, economic development, housing activities, forestry and others.

For each reported segment, revenues and expenses include amounts that are directly attributable to the segment and amounts that are allocated on a reasonable basis. Therefore, certain allocation methodologies are employed in the preparation of segmented financial information, including transfers that have been apportioned based on a percentage of budgeted expenses.

The accounting policies used in these segments are consistent with those followed in the preparation of the consolidated financial statements as disclosed in the summary of significant accounting policies. For additional information see the Consolidated Schedule of Segment Disclosure - Service (Schedule 2).

20. Budget

The budget adopted by the First Nation was not prepared on a basis consistent with that used to report actual results (Public Sector Accounting Standards). The budget was prepared on a modified accrual basis while Public Sector Accounting Standards now require a full accrual basis. The budget figures anticipated use of reserves to reduce current year expenditures. In addition, the budget expensed all tangible capital expenditures rather than including amortization expense, and expensed principal payments of debt. As a result, the budget figures presented in the statements of operations and change in net financial assets represent the budget adopted by the First Nation with adjustments as follows:

Budget surplus for the year	\$ 4,106,752
Add:	
Capital expenditures	494,850
Principal portion of loan payments	216,844
Net transfers from reserves	<u>(159,260)</u>
Budget surplus per statement of operations	<u>\$ 4,659,186</u>

21. Comparative figures

Comparative figures have been reclassified to conform with current year presentation.
