**Monarch Recovery Services** is a non-profit, substance recovery service provider with several programs throughout Sudbury District. Lend your skills and make an impact in your community!

**2 new BOARD MEMBERS** are needed! We are seeking candidates that will be able to contribute their professional skills and personal experiences to help Monarch enhance our strong hope for a change with people living with substance use issues. There are many transformations that are occurring in our health care system and we need strong voiced individuals to help with our vision of what we could be as a Health Care Service Provider.

The Board is specifically seeking individuals with a background in accounting and finance, fundraising or media relations to complement their existing skill sets. We need people with experience to help Monarch achieve its vision of empowering people to make peace with their past, find purpose in the present and renew hope for the future, while ensuring public accountability and effective governance of the organization

Board members provide oversight and guidance to the Chief Executive Officer based on a governance model, and are appointed for three-year terms, meeting monthly from September to June on the 3<sup>rd</sup> Wednesday of the month.

This is a great opportunity to serve with a talented and committed group who provide quality programs and services to individuals seeking recovery.
