

Water Treatment Plant

Conserve Water

With the increased demand of water during the pandemic we are asking the community to conserve water.

Watering Grass:

Follow the calendar/ address rule; Even days for even address, Odd Days for odd Address.

Filling Pools:

Notify Pubic Works when filling pools – 705-356-1621 x 2219

This is especially important during the Annual Well Maintenance scheduled the week of June 8th

We appreciate your co-operation
