Initiative Overview

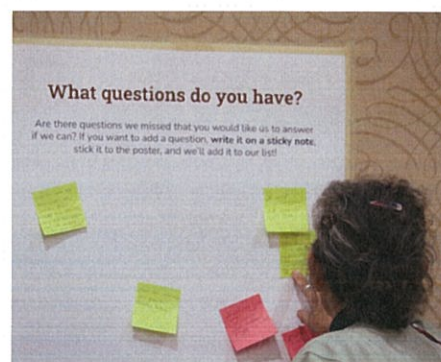

The Bringing Home Our Children initiative will be undertaken by the Nisoonag Partnership, representing Serpent River First Nation, Sagamok Anishnawbek, and Mississauga First Nation. This initiative is being led independently by the three nations and is unrelated to other Survivors projects. The key purposes of Nisoonag's Bringing Home Our Children are to identify unmarked remains and to uncover the truth of the Boys' and Girls' Spanish Residential Schools.

Initiative Updates

Research Update

The Nisoonag Initiative research team is continuing to collect archival materials for the Spanish Residential Schools. The team has also begun processing, reviewing and organizing archives from the Jesuit collections and the National Center for Truth and Reconciliation. They are continuing to collect resources and information for the narrative report which will offer a comprehensive history of the Spanish Residential Schools and their impacts.

Members of the research team thoroughly enjoyed meeting and collaborating with former students of the Spanish Residential Schools' and their families, at the legacy gathering. They are looking forward to reviewing and processing the personal archives, stories, and information that was shared.

Initiative Updates

Legacy Gathering

The Nisoonag Legacy Gathering took place on October 25th & 26th in Sault Ste. Marie. This marked the second gathering for Bringing Home Our Children Initiative. This historic event was an opportunity for communities, legacy students, their families, and youth to come together in the spirit of collective healing and learning about the legacy of the Spanish Residential Schools. Many had the opportunity to share stories during interview sessions, document their family trees, review and markup maps, review photo albums and archival materials of their loved ones, as well as collaborate on research questions and protocol development.

Attendees provided excellent feedback for the next gathering, as well as areas to focus research on. As part of next steps

for the Initiative, student working groups will continue to meet and focus on further protocol development, to ensure this work continues to be carried out in a good way.

On behalf of Leadership and the technical team, many thanks go out to the volunteers and mental wellness staff for their part in the Legacy Gathering. Your support and dedication was greatly appreciated by all.

A second responsibility I have is to lead with Zaagidwin, Love.

Cold Weather Pet Tips

Remember, if it's too cold for you, it's probably too cold for your pet, so keep your animals inside. If left outdoors, pets can freeze, become disoriented, lost, stolen, injured or killed. In addition, don't leave pets alone in a car during cold weather, as cars can act as refrigerators that hold in the cold and cause animals to freeze to death.

If you see a dog out in the cold weathers without proper shelter? Contact the local Bylaw Officer immediately.

Dogs left in extreme temperatures, especially without food, shelter, are at risk of **hypothermia, death, and frostbite.**

If you witness a dog in these cold weathers please note the **date, time, exact location, type of dog, and call the Bylaw Officer ASAP for the safety of the dog.**
