AS ANISHINAABE STEWARDS OF TRADITIONAL HARVESTING, IT IS IMPORTANT TO KEEP IN MIND OUR ROLES AND RESPONSIBILITIES IN FOLLOWING BEST PRACTICE.

Mature Bulls and Dry Cows - In ideal situations these are the best options for harvest. These animals should be selected for harvest as they provide the largest portions of meat per family, and can be spread around our community without having to harvest the most vulnerable section of their population.

Cows and Calves - Cow and calf hunting can impact the ability to harvest these relatives in the years to come. We want to ensure that the reproductive cycles of the moose population continue to be sustainable for future generations of harvesters.

**For further questions regarding harvesting, please contact:
Scott Richer - Bylaw Officer
